

Hits Lifting Secrecy Bars On Investigation

Hickenlooper Will Tell Why On Monday

Washington, June 11—(AP)—Senator Hickenlooper (R-Iowa) today bitterly protested the raising of secrecy bars in the congressional airing of his "incredible mismanagement" charges against the atomic energy commission.

The Iowa, chief critic of AEC Chairman David E. Lilienthal, demanded a one-day delay in public hearings to thresh out the problem — with only partial success.

Senator McMahon, chairman of the Senate-House atomic investigating committee, turned down the delay request but agreed to a closed-door session of the committee Monday afternoon to hear Hickenlooper's objections.

Oppenheimer To Testify

McMahon said Dr. J. Robert Oppenheimer, who directed research on the atomic bomb, had been called to testify before the committee Monday morning. Oppenheimer now heads the institute of advanced studies at Princeton, N.J., and is chairman of the AEC's general advisory committee.

Hickenlooper, bitter over a 9-to-8 committee decision yesterday requiring him to present his evidence against the commission's loyalty review program behind closed doors, had said earlier:

"No progress can be made in this investigation if the curtain of secrecy is rung down every time embarrassing evidence is offered."

Sticking To Open Hearing

McMahon said he was sticking to the open hearing plan for two reasons: (a) there had been "conflicting testimony" on the matter of shipments of radioactive isotopes to foreign countries, and (b) Dr. Oppenheimer is "visiting the west coast next week and is only available for testimony on Monday."

"It is my hope," he added, "that without prejudice to security, the overwhelming share of Senator Hickenlooper's case and the atomic energy commission's reply can be presented in open hearings."

Hickenlooper coupled his protest against hearing secrecy with another rap at the AEC. He said he considers as unwarranted security classifications applied by the AEC to records and documents which have "direct bearing upon my proof."

He complained that a "substantial part" of these papers have been classified "confidential" and "top secret."

Gas Tax, Schools, FEPC, City Aid On Legislative Docket

Springfield, Ill., June 11—(AP)—Proposals on the gas tax, schools, job discrimination, and aid to cities are expected to claim the lion's share of attention in the Illinois legislature next week.

Other major action in prospect involves bills to improve mine safety law enforcement, outlaw communism and unify administration of all state welfare functions.

Some of this legislation hasn't been approved yet by either the Senate or House. Unless it gets rolling, it may get lost in the tail-end logjam just ahead.

Less than three weeks remain before the assembly's usual final adjournment date, June 30, and the House calendar is particularly clogged.

The bill to raise the three cents gas tax to a nickel a gallon falls in this category. After languishing more than a month, it finally is ready for a passage roll call in the Senate.

A tug of war has been going on between rural and urban legislators over how the anticipated higher revenue should be split up. The ultimate fate of the gas tax measure is in doubt even if it clears the big Senate hurdle.

Radio 'Ham' Falls Asleep At His Set

Danbury, Conn., June 11—(AP)—Walter Trask, 50, an amateur radio operator, got both volume and distance on his set last night. In fact his output reached into Massachusetts and New Hampshire, startling "hams" in New Bedford and Claremont so they telephoned Danbury police to find out what was the matter.

It happened this way: Trask was snoring with other "hams" through-out New England when he fell asleep. Irving Vermilyea of New Bedford and John Stoughton of Claremont heard Trask's voice die away to be replaced by what they thought were groans.

They phoned the police here who investigated. They found Trask sleeping in front of his live transmitter. The groans? Trask's snores.

Hooded Men Threaten Woman With Death

Birmingham, Ala., June 11—(AP)—Robbed night riders dragged a 42-year-old white woman from her home last night, and in the eerie light of a burning six-foot cross threatened to burn her at a stake.

Mrs. McDonald, who related her harrowing experience to police, said the men, two holding pistols, smashed a glass pane in the front door of her home and charged in.

One struck her on the head twice, and another snatched an unloaded shotgun from her hands.

She broke free and jumped from one man to the next, lifting their hoods to see if she recognized any. They grabbed her again.

"We could kill you for that," she quoted them as saying.

They dragged her to the front lawn, where a six-foot cross was burning. There, she said, they threatened to burn her at a stake and "to string her up."

Mrs. McDonald told the men that police had been called. One answered with a laugh: "We're the law ourselves."

Mrs. McDonald was at home alone when the men came. Her husband was at work. She said the men first knocked and called out "we want you." She said she grabbed up a shotgun, but dropped the shells in trying to load it.

One of the men said neighbors had complained that her home was being used to bring men and women together, and to sell whisky. She denied it.

Another robed gang or the same one jammed into a cave in a nearby community last night and threatened the white owner. They told him: "You've got to keep those niggers down. Witnesses said the gang of hooded and white robed men, numbering about 60, came to the cave in 16 cars.

Before leaving Mrs. McDonald, the men told her: "We're going to leave you here now. If we hear anything else, we'll be back to bomb your house—or burn it down, and we'll be back to see you."

In the other incident, the robed mob visited a cave in the nearby mining community of Brookside between 9 and 9:30 p.m.

People Of Trieste To Vote On Local Government Today

Trieste, Free Territory, June 11—(AP)—Against a backdrop of an international tug-of-war over the city's future, Trieste's Italian and Slav vote tomorrow for their first local government in 27 years.

Some 150,000 or more of the city's 280,000 citizens are expected to cast ballots for a 60-member city council. The council, which Italy hopes will reflect a completely pro-Italian feeling, will name an executive committee and a mayor to administer local affairs under general allied military government supervision.

Trieste has been occupied under peace treaty terms by 5,000 American and 5,000 British troops. Yugoslav troops occupy part of the territory outside the city, but apparently have no plans for local elections there.

The election contest is between pro-Italian anti-communists and pro-Yugoslav elements. The city's population is largely Italian.

The pro-Italian Christian Democrats are expected to lead the anti-communists to a substantial victory.

Fifth Deere Plant Workers Accept Company Contract

Ottumwa, Ia., June 11—(AP)—The CIO United Auto Workers union at the fifth of seven Deere and Company farm equipment plants in Iowa and Illinois has voted to accept the company's wage offer.

CIO-UAW Local 74 here, announced today that members of the union at the John Deere Ottumwa works had voted approval of the company's offer.

Principal feature of the company offer was a 5-cents-an-hour wage increase. The rate per hour varies in numerous job classifications.

New contract negotiations, which began March 3, broke off in stalemate about two weeks ago. The union had sought "substantial" wage boosts, company-financed pension plans, and other features.

The two locals which have not signed the new contract offer are at the Deere spreader and malleable metal works in East Moline, Ill.

Halsey Says U.S. Should Perpetuate Marines' Strength

Washington, June 11—(AP)—Retired Fleet Admiral William "Bull" Halsey said today congress should put a fixed proportion of the nation's armed forces in the Marines, thereby giving the corps perpetual strength.

Halsey spoke at the annual reunion of the Marine's annual division on the Washington Monument grounds after a parade of the division's veterans.

Truman Says ERP Fund Cut 'False Economy'

Little Rock, June 11—(AP)—President Truman today called for re-arming of Europe, said trimming funds for helping Europe would be "false economy" and disclosed he soon would ask congress to help needy areas of the world.

Reaction from members of congress was swift and mixed.

On his three points, the president said: "It is of vital importance that the Atlantic pact be followed by a program of military aid to increase the effective strength of the free nations against aggression."

"A slash in funds available for European recovery at this time would be the worst kind of false economy."

As for legislation to give American economic and technical know-how to "under-developed regions," he said it offers "enormous potential benefits in a growing world economy."

In Washington, Senator Taft (R-Ohio), head of the GOP policy committee, observed that rearming of Europe might have "the opposite effect," although he expects to vote for the Atlantic pact. Taft said, too, he didn't believe a 10 per cent cut in ECA funds would eliminate any essential benefits.

The reaction of Senator McKellar (D-Tenn.) was to propose a billion-dollar reduction in foreign aid spending.

Senator Connally (D-Tex.), chairman of the Senate foreign relations committee, commenting on Mr. Truman's proposed world economic program, said he understood only a small appropriation would be necessary at first. The Texan added that he will go along with the president on his help-Europe-rearm program.

In his speech here, before an estimated 12,000 persons, the president spoke of continuing "communist pressures" and sharply challenged those who he said maintain "we cannot afford to pay the price of peace."

United States aid, Mr. Truman said, has stopped "the disintegration of the democracies of Europe" and "turned the tide in favor of freedom and peace." But he warned "we are only midway" in the struggle and "the cause of peace and freedom is still threatened."

The president spoke at the dedication of a war memorial park here in connection with the annual reunion of the 35th Division—with which he served in the first world war. Mr. Truman had attached sufficient significance to the address to label it in advance as a "very important" foreign policy statement.

Top Billing In U.S. Economy Darkened By Wage Demands

Pittsburgh, June 11—(AP)—Negotiations on wage demands get top billing next week on the nation's economic front.

Crucial talks start in the steel, coal and electrical industries that could go a long way toward determining if labor will get its fourth round of pay increases since World War II.

The outcome of the following developments will help determine whether prices are headed up or down and whether the nation is in for some whopping strikes.

1.—U. S. Steel Corp., with one-fourth the nation's steel output, starts contract talks Wednesday with Philip Murray's CIO-United Steelworkers of America. Other steel producers will open their negotiations later in the week.

2.—U. S. Steel will open negotiations Monday in Philadelphia with the United Mine Workers. The discussions will cover the 20,000 miners working in pits owned by U. S. Steel.

3.—The 600,000-member CIO-United Electrical Workers union seeks a \$300,000,000 program from the electrical industry with first bargaining sessions beginning Tuesday between the union and the industry's two giants—General Electric Co. and Westinghouse Electric Corp.

It was the basic steel industry which either set the national wage increase pattern, or was most influential in establishing it, when the three previous pay gains were won by labor.

Name Of Suicide Victim Added To List In Data Slips

Washington, June 11—(AP)—The name of a man now a suicide was added today to the long list of people mentioned in FBI "data" slips which have been read at Judith Coplon's espionage trial.

According to the FBI report, Morton E. Kent, 48-year-old Harvard graduate and former government employee, tried last year to contact a Bulgarian suspected of being an agent for the Russian intelligence service.

Washington police said Kent died by his own hand here last Saturday when his throat-slashed body was found in the Potomac river where he had gone canoeing alone. District Coroner A. Magruder MacDonald pronounced the case a suicide.

This development arose as the Coplon trial was in week-end recess following a shutdown on the reading of additional FBI information sheets by Defense Attorney Archibald Palmer. Some of the reports had been made public over vigorous protest of government lawyers.

The FBI received its data from various informants, whom it listed by code number rather than by name.

Englishman Fulfills Dream; Comes To U.S. With Family

New York, June 11—(AP)—An Englishman brought his wife and 11 children here today to swell the population of a little Utah town—and fulfill a 25-year dream.

The father, Clifford Hartley, who worked for a Lancashire furniture firm, is a Mormon. That's one reason the family wants to live in Utah.

Rules Prosecution May Use Statement Made By Babich

Milwaukee, June 11—(AP)—Municipal Judge Herbert Steffes decided this afternoon that the constitutional rights of Milton Babich had not been violated. The court ruled that any statements the 19-year-old youth made during his detention may be presented as evidence in his first degree murder trial.

Thus the defense for Babich, accused of murdering his bride's kid sister, pretty Pat Birmingham, lost another round of its fight to free the former homebound student.

Judge Steffes ordered the jury, excluded since yesterday, to be returned and the trial to proceed.

Detective Lawrence Papke, testifying when the defense moved yesterday, resumed the stand and related the substance of two statements Babich made to Detective Capt. Adolph Kraemer. In the first, on March 24, Papke said, Milton said he'd had a date to meet Patricia Feb. 10, but did not keep the date.

The second statement to Kraemer, Papke testified, was March 26, after Babich had been interviewed by district attorney. In this one, Papke quoted Babich as describing how he had kept his date with Patricia. He said Milton said he had bought discharged twice accidentally.

Boy, 15, Clubbed To Death In Sleep, Victim Of Revenge

Oakland, Calif., June 11—(AP)—A 15-year-old boy, clubbed to death in his sleep early today, was the victim of an older half-brother's revenge, police inspector Merle Longnecker reported.

The victim was Edward Johansen. The killer, Longnecker said, was Joseph Johansen, 21, who claimed the younger boy "framed me" for breaking into a family food locker.

Joseph gave himself up to police after reading in newspapers that he was being sought in connection with the killing. He was held for investigation of murder.

Joseph directed police to a pile of grass four blocks from the Johansen family home. They uncovered a bloody sledge hammer and a pair of gloves.

Inspector Longnecker reported Joseph accused Edward and another brother, Donald, 17, of blaming him for breaking into a family food locker.

Joseph said he crept into a cottage in the rear of the family home where the boys sleep and struck Edward on the head three times with the sledge, police reported.

"He just groaned," Longnecker quoted him.

Chicago Policeman Dies Of Gun Shot

Chicago, June 11—(AP)—Policeman John W. Ryan, 42, died tonight of a gunshot wound in his head.

He was taken unconscious from his mother's home to the Loretto hospital where death occurred.

Police Capt. Thomas Alcock said the wound appeared to be self-inflicted.

Ryan's wife, Catherine, 37, was quoted by Alcock as saying her husband stayed at his mother's home last night because he was ill and their apartment was being redecorated.

The couple has a son, John, Jr., 19.

U.S.-Russ Agreement To End Berlin Strike

Paris, June 11—(AP)—Russian and American foreign ministers unexpectedly arranged a dinner date today after Andrei Vishinsky spent several hours in contact with Moscow over the Big Four German deadlock.

Secretary of State Dean Acheson decided to take along his top advisers on Germany—just in case the Russian had some new idea to put forward which could break the logjam.

At Vishinsky's request, the foreign ministers council was taking a day's recess until Sunday. Most western officials believed the Soviet diplomat was awaiting fresh instructions from the Kremlin.

Acheson and his advisers—Dr. Philip G. Jessup, Robert Murphy and Charles E. Bohlen—will be Vishinsky's guests tonight in the Russian embassy. A week ago Vishinsky was Acheson's guest at a small dinner party.

Acheson, French Foreign Minister Robert Schuman and British Foreign Secretary Ernest Bevin conferred this afternoon to map strategy for Sunday's session.

With the foreign ministers conference still in deadlock, there was a growing belief by many of the western power delegates that Germany can be unified only by the Germans themselves.

In the final session of the now three-week old conference, Vishinsky dusted off his proposal that the powers get busy on a German treaty and pull their troops out of Germany within a year after it was signed. The western powers said talk of treaty at this time was futile in view of their inability to agree either on unification of Germany or of Berlin.

British Railroad Traffic Disrupted By Wildcat Strike

London, Sunday, June 12—(AP)—Rail traffic between London and Britain's north country was disrupted for the fourth consecutive Sunday today by a wildcat strike of rebellious trainmen.

At midnight last night the men walked off their jobs, defying both the labor government and their own union. The work stoppage will last 24 hours on the north-south lines of the nation's government-owned railroads.

The government, in a statement issued early yesterday after a cabinet meeting, had been called for an end of the Sunday strikes so negotiations on an engineers' complaint could be resumed.

The trainmen are demanding that summer work schedules, which require some of them to spend nights away from home, be cancelled.

The railway union had sent 1,500 telegrams to train crews, urging them to stay on the job.

Cardinal Beran Issues Defiant Decree To Reds

Prague, Czechoslovakia, June 11—(AP)—A new clerical letter signed by Archbishop Josef Beran and breathing defiance of government decrees was disclosed today just after the arrest of the secretary of the lay organization Catholic Action.

A high Roman Catholic church authority said Dr. Antonin Mandl, 30-year-old secular priest; and secretary of the church-sponsored organization, was seized at his home by secret police Friday night and "we do not know the charges against him."

It was the first important arrest in the growing church-state conflict, though the church authority estimated that "more than 100" other priests are in prison and more "are being arrested every day."

The arrest came at a time when a government-approved Catholic Action was being set up.

The Czechoslovak press listed 118 priests who it said signed a statement entering the new Catholic Action in the campaign against the church headed by Archbishop Beran.

Says Airlift Shows What United, Free Nations Achieve

Freeport, Ill., June 11—(AP)—The chief of the United States' section of the Berlin airlift said today the airlift shows what free nations can achieve "when they unite their forces in peacetime."

Maj. Gen. William Tunner, U.S. commander of the air bridge, told a rally at the Illinois convention of the Americans veterans of World War II.

"To me, one of the most significant lessons to come out of the Berlin airlift is the real success that rewards the efforts of free nations when they unite their forces in peacetime for the common purpose of maintaining individual liberty and the dignity of man."

Tunner flew here from Washington where he made an earlier report on the airlift. He also is deputy commander of the U.S. air transport command. Tunner flew to New York after his talk here en route back to Berlin.

As an example of the airlift's supply power, Tunner said Freeport could be supplied with food and other necessities for one year if schedules and equipment now in use to Berlin were flown for three and a half days. Freeport's population is about 25,000.

DELEGATES ARRIVE

New York, June 11—(AP)—Twenty thousand delegates from 50 nations began arriving in New York today for the 40th annual convention of the rotary international.

Vishinsky, Acheson Have Dinner Together

Paris, June 11—(AP)—Russian and American foreign ministers unexpectedly arranged a dinner date today after Andrei Vishinsky spent several hours in contact with Moscow over the Big Four German deadlock.

Atomic Scientist Quits College As Probe Accuses Him

Nashville, Tenn., June 11—(AP)—Giovanni Rossi Lomanitz, a young atomic scientist accused of communist activities, has left Fisk University in a huff, rather than admit or deny he belongs to the party.

Dr. Charles S. Johnson, president of the negro university, said tonight the 28-year-old physicist stalked off the campus when told his contract would be suspended pending a congressional hearing.

"He did not submit a formal resignation," Johnson said. "He just left."

Lomanitz, twice interrogated by the House un-American activities committee on his alleged communist affiliations, was named by a former associate yesterday as a communist worker.

Robert Davis, testified he worked with Lomanitz at the University of California radiation laboratory during the war and that Lomanitz induced him to join the party.

Dr. Johnson said he asked the young physicist to affirm or deny his alleged Red connections shortly after Lomanitz was called before the congressional committee the first time on April 28.

At that hearing Lomanitz refused to say if he was a communist on the grounds that he might incriminate himself.

"I asked Lomanitz if he was a communist," Johnson said. "He didn't say he was or he wasn't. He didn't see fit to answer."

Colorado U. Coed Says She Couldn't Identify Attacker

Boulder, Colo., June 11—(AP)—A Colorado University coed told a coroner's jury today she saw the face of her "blind date's" killer but not enough to identify him.

Doris Ann Weaver, 18, testified at an inquest in the death of Ray Spore, Colorado University engineering student. The jury found he met death by drowning but would have died from "repeated blows on the head with a blunt instrument wielded by an unknown assailant."

Miss Weaver, who accepted a "blind date" with Spore Thursday evening, fled from the banks of Boulder creek while the 19-year-old student from Denver struggled with his assailant.

The boy's body was found yesterday in the creek. His head had been battered by a blunt instrument.

The girl said she caught a quick glimpse of a sharp profile in the moonlight as the slayer circled around Spore.

The man wore a dark felt hat which was pulled down over his forehead, she related, and had on a plaid jacket and dark trousers, possibly jeans. She judged him to be about five feet, eleven inches tall and from 20 to 30 years old.

Hoover Criticizes 'New Era' Thinking

Delaware, O., June 11—(AP)—Former President Herbert Hoover today criticized "new era" thinking which, he said, substitutes "security" for self-reliance.

He remarked in a speech that while "security" eliminates the risks in life, it "also kills the joy that lies in competition, in individual adventure, new undertakings and new achievements."

Hoover spoke at the installation of Dr. Arthur Sherwood Flemming as ninth president of 107-year-old Ohio Wesleyan university.

Leaders Say Strikers Will Accept Terms

Berlin, June 11—(AP)—American-Russian agreement tonight signalled the end of the Berlin rail strike. Prompt union acceptance, predicted by strike leaders, promised to break a 22-day economic stranglehold and clear the way for an all-German trade pact.

American negotiations with the Russian-controlled railway management brought a settlement which within hours may open the floodgates for 150,000 tons of supplies tied up in what amounted to a "little blockade."

Leaders of the anti-communist rail union, the UGO, said the 14,000 strikers would formally accept tomorrow a set of peace terms backed up by a solid western guarantee and that traffic would move as soon as snarls accumulated in three weeks of chaos are cleared up.

Easy Bob Hits Summer Style

BY ALICIA HART
NEA Staff Writer

Cutting alone will put your hair in good shape for summer. By "good shape" is means an attractive hair-do and one that can take ruffling of wind, the dampening effects of a daily swim and the minimum of fuss without protesting your neglect.

Victor Vito, New York hair stylist, promises all of this with a simple basic cut. The more curls you can dispense with for summer, says Vito, the easier it will be to turn your upkeep problems over to the scissors.

The short bob with a neat bang above it is his recommendation for a style that takes nicely to scissor-shaping. Such a bob looks better when trimmed barber-fashion, which, according to Vito, is straight-cut. Ends can be worn straight or can be curved easily over or under a finger.

Expert's warning: No amount of fancying up with curls, combs, ribbons or scarves will hide ends, whacked off by an amateur's scissors, or a bang that is allowed to grow shaggy.

Keep hair in fine trim, bangs regularly snipped and ends cut blunt and short, and the straight-haired girl can sail through the summer without a permanent, says Vito.

PICKET FENCE

Remember when nearly every house had a picket fence around the yard? Some of the pickets were pointed and some had round ends while others were decorated with irregular shaped holes near the top. Alternating wide and narrow pickets gave quite an artistic effect and the gates made wonderful swings for children. Remember?

FRANKLIN The Doctor Says Disease-Laden Biting Insects Enemies Of Man

By Edwin P. Jordan, M.D.
Written for NEA Service

Among the enemies of man, the biting insects are in some ways the worst. The rat flea carries plague, the tsetse fly of South Africa spreads the parasite of sleeping sickness. Certain ticks carry Rocky Mountain spotted fever and other diseases of that group. One kind of mosquito spreads the highly dangerous yellow fever; other forms of the mosquito carry malaria. And there are many other disease-carrying insects.

But it is not diseases alone which make insects our enemies; just the ordinary mosquito bite is bad enough. Although attempts have been made to create resistance or immunity to mosquito bites in people, these have not been wholly successful. Even if a satisfactory substance could be discovered and prepared for this purpose, the resistance probably would not last very long and would have to be repeated each year and usually would hardly be worth the effort.

Black Widow Spider

Hundreds of kinds of spiders are found in the Americas, but apparently only one in the U. S., the black widow spider, is likely to produce severe symptoms by biting. This is a shiny coal-black spider, about half an inch long, usually marked with bright red or yellow or both. The female is the one responsible for the bites.

When it bites it forces a poison into the wound which may make one extremely ill and can even cause death. Pain is severe. Cutting into the wound and sucking on it are not of value as in other kinds of bites. Neither is the use of drugs like morphine of help. Hot baths, serum, and especially the injection into the blood of some substance containing calcium is the preferred treatment. Fortunately, bites by the black widow spider are rare.

There are many other biting insects which space forbids mentioning in detail. This includes the bedbug and the louse, both of which are fortunately becoming more rare under the improved sanitary conditions existing today.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS
By Edwin P. Jordan, M.D.

QUESTION: What causes my eyelids to itch and burn?

ANSWER: Do the eyelids also stick together at night and appear granulated in the morning? This could be one cause. There are others which undoubtedly would be revealed by an examination.

Discussion On Health
Insurance Highlights
Conference Session

The Illinois Conference of the Methodist church took a middle of the road position at the Conference session Saturday morning on the controversial proposed national health insurance program.

The Conference, meeting at Grace church, approved a report by the committee on social service, recognizing the need of some form of government action to meet the health needs of those who cannot afford adequate medical care.

The report, the third one submitted on the issue, recommended that the Conference members study the problem.

A sidelight on the health insurance controversy was the report, approved by the Conference, from Rev. Cedric W. Powell, Port Byron, chairman of the town and country work commission, recommending that the Conference participate in a private group health insurance program. Each Conference member may decide individually whether he wishes to participate.

To Meet In Bloomington

Bishop J. Ralph Magee suggested, and the Conference approved, an invitation to Bishop James C. Baker, of Los Angeles, to preside over the 1950 session of the Conference, which will be held at Bloomington, in co-operation with Illinois Wesleyan university. Bishop Baker, who began his theological career in the Illinois Conference, will celebrate his 50th year in the ministry next year, and Illinois Wesleyan university will be celebrating its centennial.

Other business of the morning was the summary reports of Rev. E. H. Sauer, of Danville, Conference treasurer, and the report of Rev. L. Dunavin, of East Lynn, Conference statistician. There were no marked increases or decreases from last year's figures in either report.

Greenfield Boy Wins High Honor For F.F.A. Record

David Cole, son of Mr. and Mrs. Allen Cole of Palmyra, and a member of the Greenfield Future Farmers of America, was named star state farmer of section fifteen, according to announcement made by J. E. Hill, state F.F.A. adviser.

David was chosen for his record in farming and F. F. A. activities from contestants in the seven counties of Greene, Macoupin, Jersey,

Calhoun, Morgan, Scott and Pike. He is one of twenty such sectional star farmers. From these, one will be named star state farmer of Illinois at the twenty-first convention of the Illinois F.F.A. at the University of Illinois, June 21, 22 and 23.

David is 17 and has just finished his junior year in the Greenfield high school and his third year of vocational agriculture. He has rapidly built up his F. F. A. farming program, which now included four head of Angus cattle, one Duroc sow and litter, 18 acres of soybeans and a large garden. In addition to these productive projects, he has done much soil conservation and has used many improved farm practices.

During the past year he has been president of the Greenfield F.F.A. chapter and won first place in the sectional F.F.A. public speaking contest at Pittsfield.

Section fifteen has 877 active members in 25 chapters.

Swimming Classes To Get Under Way June 13

Swimming instructions for the children of the Jacksonville area will begin Monday, under the auspices of the local Y.M.C.A. Youth Center.

The instructions, which are free of charge, will be given by qualified Red Cross personnel. Mrs. Philip Bradish, chairman of the aquatic committee of the local Red Cross chapter, has completed arrangements for providing the instructors.

Ninety-six youngsters have enrolled for the beginner's classes, which begin Monday, June 13, at 11 a. m. at the Municipal pool at Nichols park.

The classes will cover a two-week period and will be held every morning, Monday through Friday, at 11 a. m.

The only charge which will be made is a ten cent round trip bus fare to and from the pool. The buses will pick up the children at the four grade schools and at the Youth Center at 10:15 a. m. each day. Children of South Jacksonville can get the bus at the corner of South Main and Vandavia.

Those who have other means of transportation are reminded that they must be at the pool, ready to begin their instructions, promptly at 11 o'clock.

Each child must have his card, which was sent out by the "Y" showing that he is registered and that he has his parent's permission to take the instructions.

To be eligible for the swimming instructions, a child must be at least nine years of age. Each child will furnish his own swimming suit and towel.

The advanced courses and the junior life saving courses will get under way in about two weeks.

Grains Rally in Late Dealings; Trading Active

Chicago, June 11.—(P)—The grain market overcame the influence of a highly optimistic official crop report and bounded up in late dealings today. Trading was active with a good deal of short covering accounting for much of the market's strength. Mill buying gave wheat support on an early dip, which extended to less than a fraction and largely reflected an Agriculture Department estimate this year's total crop would be the second largest on record. Many grain men discounted this estimate.

They said it would be highest of the year. The reason for this view was an increase in reports of crop deterioration in the southwest because of recent rains. Some of these rains have been very heavy. In the last two days, for example, Norman Oklahoma has received about six inches of moisture. Soybeans came ahead strongly toward the close, week-end short-covering being the major factor in the advance. Corn and oats overcame early weakness, but were not quite as strong as wheat. Purchases of cash corn on a to-arrive basis from the country slumped today.

The close was at the highs. Wheat ended 14-15 higher, July \$1.98-1.99, corn was unchanged to 14 higher, July \$1.32-1.33, oats were 7 higher, July 59, rye was unchanged to 1 higher, July \$1.36, soybeans were 21-24 higher, July \$2.25, and lard was 10 to 15 cents a hundred pounds higher, July \$11.25. Estimated receipts of grain in carlots here today wheat 57; corn 52; oats 24; rye none; barley 12 and soybeans 37. Receipts include 41 cars of wheat and 27 cars of soybeans for CCC account.

Home Run Hitting Yanks Overpower Cleveland 12 To 7

New York, July 11.—(P)—Eight of the major leagues' best long ball hitters will appear in a home run hitting contest at Yankee Stadium, July 11, the night before the All-Star game.

Representing the National League will be Stan Musial, Ralph Kiner, Johnny Mize and Sid Gordon. For the American it will be Ted Williams, Vern Stephens, Eddie Joost and Tommy Henrich.

The contest will be a part of "The Night of Champions" which will include a round-robin game among the New York Giants, New York Yankees and Brooklyn Dodgers. Proceeds of the show will be split among the New York Heart Fund, the Babe Ruth Foundation and the Lou Gehrig Memorial Fund.

Cleveland, June 11.—(P)—The New York Yankees blasted Bob Feller and Sam Zoldak, his successor, for nine runs in the first inning, and went on to defeat the Cleveland Indians today, 12-7.

Ladies Day crowd of 61,523 of which 31,308 were paid admissions, saw 13 Yankees go to bat in the first inning. They rocked rapid Robert for five hits before he retired in favor of Zoldak. It was the second straight for the Yanks over the Indians, after a four-game losing streak.

New York 901 000 200—12 11 1 Cleveland 100 062 103—7 10 4 Reynolds, Page (9) and Berra. Niarhos (7); Feller, Zoldak (1); Papiash (8) and Hegan, Tresh (8). HRS: NY—Bauer; Cle—Gordon. LP—Feller. WP—Reynolds.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, June 11.—(P)—Hogs sold within a range of \$18.50 to \$21.75 today, ending a week in which prices declined after advancing five consecutive weeks to new highs for the year. Losses ranged to 75 cents on butcher hogs this week.

An increase in receipts, coupled with a break in dressed pork quotations, served to chill buyers' desires for live hogs. Pork loins dropped \$7.00 to \$10.00 as recent advances in retail quotations ran into resistance from buyers.

Good and choice cattle comprised a much larger section of the run this week than in the previous week. Top held at \$29.50. In general, cattle quotations worked lower in line with a slumping dressed beef trade. Native spring lambs lost \$1.00 to \$2.00 this week. Weight was a depressive factor in all classes in the sheep section.

Michigan State's track team this season won the ICA triple crown—the cross-country, indoor and outdoor championships.

If green snap beans or yellow wax beans are not to be cooked immediately they should be stored in a covered container in the refrigerator. The snap beans are delicious when cooked and served with herb butter, the wax beans taste good with a little sauteed onion and sour cream.

Stolen Run Gives Senators 9-8 Win

Detroit, June 11.—(P)—The Washington Senators literally stole a ball game from the Detroit Tigers today as the Senators posted a 9-8 victory after being seven runs behind in the sixth inning.

Third Baseman Sherry Robertson climaxed the Senators' uphill battle when he stole home with the winning run with two out in the seventh.

Six home runs, four of them by the Senators, punctuated the free-hitting game in which nine pitchers saw action.

Dodgers Defeat Cincinnati 11-3

Brooklyn, June 11.—(P)—Mauling three southpaw hurlers for a dozen hits including two home runs by Roy Campanella and one by Pee Wee Reese, the Brooklyn Dodgers ran their winning streak to six straight today with an 11-3 triumph over the Cincinnati Reds.

The victory, coupled with Boston's defeat by the Chicago Cubs, widened the Dodgers first place lead in the National League to a game and a half.

Cards Break Phils Winning Streak With 6-2 Victory

Philadelphia, June 11.—(P)—The St. Louis Cardinals broke the Phillies' winning streak at four and raised their string of triumphs to 15 in the last eighteen games as they defeated the Phils, 6-2 here today in the second game of the series.

Brilliant three-hit hurling by George Munser coupled with a 10-hit attack on Hank Borow, including home runs by Martin Marion and Nippy Jones, each with a man on base, gave the Red Birds their triumph.

It was munger's second triumph over the Phils this year, and his fourth triumph of the season. Borow's defeat was his second at the hands of the Cards. He has won five and lost three.

St. Louis 002 002 110—6 10 1 Philadelphia 000 200 000—2 3 0 Munger and Garza; Borow, Trinkle (8), Rowe (9) and Seminick. HRS: StL—Marion, V. Jones, LP—Borow.

GIRL'S ARM FOUND IN SHARK

ISLAND OF ESCAPE

THE touch of a hand on her forehead awakened Bea. In the dim light of the fire she made out Fred Silwell bending over her, with a cautioning finger across his lips. She folded back her covers silently, followed him from the radius of light. Another figure joined them as they moved cautiously beyond earshot.

"Mollie says George is asleep," Fred explained. "This'll be a good time."

"Hello, Mollie," Bea said. "You've changed sides again?"

"Look," Fred cut in. "Let's not go into that. Mollie did us a favor in coming to tell us when George went to sleep. Now both of you shut up until we get done what we want. Don't forget now. I want that rifle."

"I'll get it for you," the girl promised. "I've been frightened by that nasty old gun and I'll be glad you have it. I can trust you."

"I know," Silwell said nastily. "Mollie's a good girl. And if Mollie wants to eat her cake and have it too, she'd better not change her mind again."

The rest of the walk to the cave was completed in silence. Fred Silwell stopped well away from the light of the fire burning at one side of the entrance. From within came a thickened but not unmelodious voice singing.

"He was asleep when I left," Mollie Stark said. "He wakes up, has a few drinks and then goes back to sleep again."

"I guess we might as well wait a while since we're here," Fred decided. "Where does he keep the rifle, Mollie?"

"By his right hand. The bottle's by his left. There's a flash-light hanging handy near the cave mouth. Just inside. He'll go to sleep again pretty soon. Then he'll be sorry because he wouldn't even give Mollie one teeny snifter."

His foot swung back and he kicked at George's face.

BASCOMBE turned as if in his sleep, took the kick on his shoulder.

Bea Cosgrove stepped in front of his lax body as Silwell aimed another kick. She caught his ankle on the heel of her foot.

"I abdicate," George said clearly. "I renounce my rights one and all, including the right of succession to the throne of Speare Island. Now let me get some sleep."

"Get up. You're coming with us. We're all going to stick together from now on. And after you sober up a little you and I're going to have a little talk."

Bea and George followed Fred and Mollie leisurely. Bea at least noticed the couple were deep in talk. She could not hear the words, so she felt safe to say, "You don't have to pretend to be so drunk any more."

"You see too much," he said at last. "But I suppose you have to notice things when you're in a fix like this. But anyhow I owe you something for not letting Silwell kick my face in."

"I'd do as much for anyone," Bea said. "And I suppose you know what you're talking about?"

"Oh sure. I know all right. And I'm glad the silly king business is over. I was getting awfully sleepy, and I couldn't trust Mollie. I'll be safer with the others."

"Safer?" "You bet! I won't tell anyone else. But it's easy to kill in cold blood the second time. Or would it be the third? I couldn't trust you now. That's why it was smart for Nona and me to separate."

Bea Cosgrove said, "I thought you were sober. You know you pulled that king act because you were mad at Nona. You did it, and meant it, to get even with her."

"I meant what I said," George said firmly.

"Listen, are you actually trying to say you think I killed Lilly Warren?"

He nodded. "Probably the fisherman too. After all, your gun killed Lilly, didn't it?"

Influence Of Lincoln Told At Conference

Abraham Lincoln's faults, compared to his virtues, were only "spots upon a glorious sun," Dr. Edgar De Witt Jones said Saturday night in his lecture before the Illinois Conference of the Methodist church.

Dr. Jones, speaking on "The Greatening of Abraham Lincoln," at the evening session of the conference at Grace church, said that as the burdens became heavier on Lincoln's shoulders, his humor became greater. But ever greater than the president's humor was the greatness of the president's heart.

Dr. Jones said.

At the conclusion of his talk, Dr. Jones recited several verses of Vachel Lindsay's "Abraham Lincoln Walks at Midnight," and predicted that no poet, no artist, no speaker or preacher of the future would be able to call his work complete until he had used Abraham Lincoln as one of his subjects.

The afternoon business session of the conference, which was held in Centenary church while Mrs. Sherwood Eddy addressed a meeting of the Women's Society of Christian service at the Grace church, was concerned with the reports of the conference board of trustees and the deaconess board. The session also observed the 125th anniversary of the founding of the Illinois conference.
